Day-of Coordination	Designed for couples who have planned their wedding but want a professional to manage the final details. Peak Efficiency Events steps in several weeks before the wedding to finalize timelines, confirm vendors, and coordinate the rehearsal and wedding day. This ensures everything runs smoothly so you can fully enjoy your celebration.	\$1,800
Partial Planning	Perfect for couples who have started planning but want expert guidance along the way. Peak Efficiency Events provides support with vendor recommendations, timeline development, and planning logistics while you remain involved in the decision-making process. Professional support keeps your plans organized and stress-free.	\$3,500
Full Planning (Most Popular)	A comprehensive planning experience from engagement through wedding day. Peak Efficiency Events assists with venue selection, vendor sourcing, design guidance, budget planning, and overall event logistics. Every detail is thoughtfully managed to create a seamless and beautifully executed celebration	\$6,500
Destination Wedding Planning	For couples planning a celebration away from home. Peak Efficiency Events manages destination logistics including venue research, vendor coordination, and wedding weekend planning. From welcome events to the wedding day itself, every detail is handled so you and your guests can enjoy the experience.	\$7,500
